

Skjeberg, 2020.03.26

Dear all the children of Children's Corner Orphanage

On behalf of
Skjeberg
Rotaryklubb I
want to express
our gratitude to
see that all
“our” students
are doing so
well, and we
thank you all
for the
beautiful,
personal
Christmas cards

you made for us. All in the Club were deeply touched when I read all your greetings for them. You are very creative and clever!

Next, I want to express our satisfaction to see that our donations are well allocated in buying equipment which is very useful for the education of the children. Congratulations!

We know for sure that the PCs are used for educational purposes, though we know that it is very tempting to “try it out” in surfing on internet. That is of course exiting, but we know that you have your restrictions on that.

It is hard times for most of the world right now, with the Corona Virus infecting everywhere and attacks a lot of people. It may have serious consequences not only of health, but also of economics, of social and cultural life.

In Norway children and students are not allowed to go to schools, and exams are delayed for a period because of the risk of infection. We must keep distance, not closer than 2 meters to other people. We are not allowed to be gathered many people at the same time. Wash hands regularly – In other words, we have got strict restrictions on the social and academic topics.

I don't know what restrictions you have, but I think that the above-mentioned rules make sense. You know that we are caring about you, not only your efforts in schoolwork, but also your wellbeing socially and that concerning your health.

Our meetings in the club is now limited to internet meetings. We are linked to a program which enables us to see each other on the screen, each of the participants sitting at home. Then we can discuss and take part in an ordinary meeting, being physically absent. - Funny!!

Our secretary and president invite you to enjoy us during a meeting on internet. We have our meetings every Wednesday at 7 p.m. It lasts one hour. If you want to join us, you can download this file: <https://zoom.us/j/510901935>

Try to log in about 6.40 p.m. and the secretary will try to help you join us.

We wish you all good luck, take care and stay healthy!

😊With regards an on behalf of Skjeberg Rotaryklubb,

Ole Enger.
